

Village Offers New Style Refuse Collection Totes for Residents to Purchase

The Village of Versailles is pleased to announce that a new style refuse collection tote may be purchased from the Village at a cost of \$78.50. The totes are manufactured of a durable plastic material with a flip open lid and wheels to make moving the tote around more convenient for the customer. The capacity of the tote is 96 gallons. These totes are also designed where they can be picked up and emptied by an automated tipping device that is a feature provided on the new refuse collection truck the Village recently purchased. The tipping device makes the emptying of the tote a much more safe and efficient method of handling refuse waste cans for Village personnel, especially refuse cans that contain heavy waste content.

Below is a picture of the new style refuse collection tote now available to be purchased from the Village. Local refuse collection customers interested in purchasing a new refuse collection tote are asked to complete the order form on the reverse side and mail or drop off the form along with payment to the Village Offices at 177 North Center Street, Versailles, Ohio 45380. The order form must be completely filled out and signed and dated by the buyer. At this time the purchase of the refuse totes are on a voluntary basis and are not mandatory. If you have any questions about the new refuse collection totes please contact the Village Offices at 526-3294.
