

Dear Resident or Small Business Owner:

The Village of Versailles has selected IGS Energy of Dublin, Ohio as the supplier of natural gas to participants in its Natural Gas Aggregation Program. You are eligible to participate with other residents and small businesses in the Village. You will automatically be enrolled in the Village of Versailles Natural Gas Aggregation Program unless you notify IGS Energy that you do not wish to participate.

Under governmental aggregation, the Village of Versailles acts on behalf of natural gas consumers in the Village to negotiate a gas supply contract with eligible suppliers. Both the Village of Versailles and IGS Energy must be certified by the Public Utilities Commission of Ohio. The Village of Versailles voters approved the implementation of the program and Village Council Members approved ordinance 03-07 on May 7, 2003. Your participation in the aggregation program for the Village of Versailles will begin within one or two billing periods after enrollment with Vectren Energy Delivery of Ohio (Vectren) and end with your September 2016 billing period.

Your new price under the Village of Versailles Natural Gas Aggregation Program will be **\$0.42 per CCF** through your September 2016 billing period. This fixed rate of **\$0.42 per CCF** is lower than any other comparable fixed rate available in the marketplace according to the Public Utilities Commission of Ohio "Apples to Apples" rate comparison sheet of competitive suppliers as of January 13, 2016. There is no charge to sign up and no charge to cancel. Please refer to the attached Terms and Conditions for full details of this offer.

You will be automatically enrolled in the Village of Versailles Natural Gas Aggregation Program unless you choose to "opt out" – that is, to not participate. There is no cost for enrollment and you do not need to do anything to be included.

If you want to be excluded from the Village of Versailles Natural Gas Aggregation Program you must contact IGS Energy at 1-877-353-0162 by March 1, 2016. If you do not opt out at this time, you will be enrolled in the program until it expires with your September 2016 billing period. If you do nothing you will soon receive a letter from Vectren notifying you of your transfer to your community's new program with IGS Energy as your supplier. **If you wish to remain in the program, simply ignore that letter.** For more information about the Village of Versailles Natural Gas Aggregation Program, visit us at www.igsenergy.com/versailles.

Under this program IGS Energy will deliver your gas to Vectren and then Vectren will deliver that gas to you. Vectren will maintain the pipeline system that delivers natural gas to your home or business. Vectren will continue to read your meter and will continue to send you a monthly bill that will include the gas supply charge from IGS Energy. You will still contact Vectren regarding loss of gas service, odor of gas, or for any other concerns or issues having to do with your local service. Budget billing and automatic billing options will continue to be available through Vectren.

If you have any questions please call IGS Energy at 1-877-353-0162, weekdays, from 8:00 a.m. to 8:00 p.m. EST. For general information on natural gas deregulation in Ohio, you can also visit the Web Sites of the Ohio Consumers' Counsel (www.occ.org) or the Public Utilities Commission of Ohio (www.PUCO.ohio.gov).

Sincerely,

The Village of Versailles and IGS Energy
